Please don't not quote me - you have my quote on this in another email.

I will send it over on condition that it's used as background and verification.

I do not want this document tweeted or publicly shared via a screenshot, etc.

The reason is we are not being critical of their travel, but the lack of reporting on their travel and the non-stop reporting on our travel.

Jahan,  
Just seeing the Free Beacon's story on this-- in it they say they were provided "internal EPA documents."

Can you also provide me with those documents so that I can write a piece?

Thanks,  
Miranda

Thanks for this Jahan,

Do you have any numbers you can provide to verify EPA's math?

Also would be great if you could provide the distinction between security detail costs and costs for other members on those trips.

Thanks,  
Miranda

In the event The Hill is interested in reporting on previous international trips taken by EPA Administrators, below you will see the full costs associated with them.

expenditures to protect the EPA Administrator for international travel or the costs of their trips, but under the Trump Administration the costs to protect our government officials is somehow scandalous.” EPA spokesman, Jahan Wilcox
